CERTIFICATE OF AUDIT

This is to certify that I have audited the books and accounts of the City of Nashua, New Hampshire, for the fiscal year ended December 31, 1944.

The report submitted herewith sets forth, in my opinion, the financial condition of the City as of December 31, 1944. The various Exhibits and Schedules, together with my comments, reflect the results of operation for the year ended on that date.

Respectfully submitted,

CLARENCE H. WRIGHT,
Certified Public Accountant.

July 31, 1945.

From the Office of

CLARENCE H. WRIGHT, Certified Public Accountant

NASHUA, N. H.

To His Honor, the Mayor, and the Honorable Board of Aldermen, City of Nashua, New Hampshire:

GENTLEMEN:

In accordance with authority granted by you, I have audited the books and accounts of the City of Nashua for the fiscal year ended December 31, 1944. I submit my report thereof with appropriate comment, exhibits and schedules.

Comparative Balance Sheets show the financial condition on December 31, 1944 compared with December 31, 1943. Items shown therein were verified and found as stated. Special attention was given to Uncollected Taxes and to Trust Funds. As in the audit of 1943, it was not found advisable to verify the amount of unpaid property taxes directly with the taxpayers of record, so for 1944 it was agreed to omit direct verification, but notices were mailed out to all property taxpayers whose accounts showed unpaid balances on April 9, 1945. These were prepared by the Tax Collector's clerical staff but checked with the records by me and mailed under my supervision. The returns were reviewed before the audit was completed but no errors were found.

The assets of the various Trust Funds were verified in detail. Changes in Investments during the year were carefully checked and no unauthorized expenditures were found.

I examined the Surety Bonds of the Tax Collector, City Treasurer, City Clerk, Cashiers and Clerks and found them in order.

Insurance policies on file were examined and found as follows:

Policies expiring January 2, 1945	$804,167.00
Policies expiring January 2, 1946	804,167.00
Policies expiring January 2, 1947	804,166.00
Total Insurance in force	$2,412,500.00

In conclusion I wish to express appreciation for the co-operation extended to me by all City Officials and their staffs.

Respectfully submitted,

CLARENCE H. WRIGHT,
Certified Public Accountant.

RESOLUTION

PERTAINING TO A PROPOSED FLOOD CONTROL PROJECT IN THE CITY OF NASHUA BY THE UNITED STATES GOVERNMENT UNDER THE DIRECTION OF THE SECRETARY OF WAR AND SUPERVISION OF THE CHIEF OF ENGINEERS

CITY OF NASHUA

IN THE YEAR OF OUR LORD ONE THOUSAND NINE HUNDRED AND FORTY-FOUR

RESOLVED, By the Board of Aldermen of the City of Nashua:

WHEREAS, under the authority of Flood Control Act of 1938, approved by the President on June 28, 1938, which provides in part

that "in addition to the construction of a system of flood control reservoirs, related flood control works which may be found justified by the Chief of Engineers", funds have been allotted by the Federal Government for the preparation of definite project plans for flood protection in the City of Nashua, State of New Hampshire:

WHEREAS, Section 3 of the Flood Control Act approved June 22, 1936 provides that "no money—shall be expended on the construction of any project until—responsible local agencies have given assurances satisfactory to the Secretary of War that they will,

(a) provide without cost to the United States all lands, easements, and rights-of-way necessary for the construction of the project,

(b) hold and save the United States free from damages due to the construction works,

(c) maintain and operate all the works after completion in accordance with regulations prescribed by the Secretary of War:"

WHEREAS, the proposed improvements at Nashua, New Hampshire, will be prosecuted under the direction of the Secretary of War and supervision of the Chief of Engineers, and

WHEREAS, the plans for the proposed improvements will be for the benefit principally of the inhabitants of Nashua, New Hampshire.

NOW, THEREFORE, BE IT RESOLVED, that upon approval of the Chief of Engineers of the definite project plans and the allotment of funds for the proposed works of improvement, the City of Nashua will,

(a) furnish without cost to the United States all lands, easements, and rights-of-way necessary for said works. The lands, easements, and rights-of-way which said City of Nashua shall furnish shall include those needed for the sites of structures, for spoil disposal areas for access roads, and all other rights in, upon, through or over private property which are needed by the United States in connection with the work of improvement. Maps showing the lands, easements, or rights-of-way needed for the aforesaid work will be obtained by the City of Nashua from the United States. Detailed property surveys and title searches necessary to acquire the land or interests therein will be performed by the City:

(b) that the Mayor of the City of Nashua, New Hampshire, be and hereby is authorized to execute, acknowledge, and deliver, for and on behalf of the City of Nashua, to the United States any and

all instruments which may be required by the United States in order to prosecute the proposed work of improvement, and to authorize and permit the said United States to act for and on behalf of the City of Nashua, New Hampshire, under any easements, grants, or rights-of-way that have been obtained by or may be hereafter obtained by said City of Nashua in connection with said proposed improvement.

BE IT FURTHER RESOLVED that the said City of Nashua, New Hampshire, will hold and save the United States, its officers and employees, free from all claims for damages and from all liabilities due to the construction work and upon completion of the proposed flood control works the City of Nashua will accept the same and will maintain and operate them without expense to the United States in accordance with regulations prescribed by the Secretary of War.

RESOLUTION

AUTHORIZING THE MAYOR OF THE CITY OF NASHUA TO ENTER INTO AN AGREEMENT WITH THE F. W. WOOLWORTH COMPANY PERTAINING TO CERTAIN MATTERS ARISING FROM THE WIDENING OF MAIN STREET FROM THE MONTCALM ASSOCIATES BUILDING, SO-CALLED TO THE SOUTH END OF THE MAIN STREET BRIDGE

CITY OF NASHUA

IN THE YEAR OF OUR LORD ONE THOUSAND NINE HUNDRED AND FORTY-FOUR

RESOLVED, By the Board of Aldermen of the City of Nashua:

That the Mayor of the City of Nashua be and he is hereby empowered and authorized to enter for and on behalf of the City of Nashua with the F. W. Woolworth Company into an agreement pertaining to the following matters arising from the widening of Main Street from the Montcalm Associates building, so-called, to the south end of the Main Street Bridge;

(1) To pay to said F. W. Woolworth Company in full settlement of its claim for damages to land and buildings the sum of $52,000. In addition, thereto, if the necessity is imposed upon said F. W. Woolworth Company to construct its new building in such a manner as to use its present front in the event that the Montcalm Associates Building is not set back to the newly established west line of Main Street within a period of time which would permit F. W. Woolworth Company to construct its new building without utilizing its present front, the City of Nashua shall pay a sum not to exceed $5,000.00 toward the full cost of $8,000.00. It is further provided that should the cost be less than $8,000.00 the proportion of the City of Nashua shall be reduced on a pro-rata basis.

(2) And upon the conveying by said F. W. Woolworth Company to the City of Nashua for use by the public for highway purposes all that portion of Company's present premises lying easterly of City's proposed new westerly line of Main Street, reserving, however, to Company the right to occupy with buildings as much of said premises as is presently occupied by Company's building so long as there exists within fifty (50) feet to the south of Company's southerly boundary any portion of any building extending easterly of City's proposed new westerly line of Main Street. To convey to said F. W. Woolworth Company all the right, title and interest which the City of Nashua now has or may hereafter acquire in that portion of Mechanic Street so-called lying between and extension to the west across the full width of Mechanic Street of the northerly and southerly boundary lines of F. W. Woolworth Company's present property

situated on the westerly side of Main Street, acquired by Company from Sceva Speare by deed dated February 1, 1937, and recorded in Hillsborough County Records Book 958, page 395. And further to convey for and on behalf of the City of Nashua to said F. W. Woolworth Company by warranty deed, good and marketable title, in fee simple, in and to a certain tract of land situate in said Nashua, generally described as follows:

Beginning at a point on the westerly side of Mechanic Street at the point where an extension westerly of the northerly line of the Company's present property would strike the westerly side of Mechanic Street; thence continuing westerly along the extension of Company's said northerly line to the point where such extension intersects with Water Street; thence continuing southerly along Water Street to the intersection of a proposed right of way being constructed by City of Nashua in substitution for the portion of Mechanic Street to be discontinued, the center line of which right of way is now marked on the ground by a spike; thence following the line of said proposed right of way to a point where an extension westerly or the southerly line of Company's present property would intersect said proposed right of way; thence easterly along said extension of Company's southerly boundary to the point where such extension intersects the westerly side of Mechanic Street; thence northerly along the westerly side of Mechanic Street to the point of beginning, said premises comprising portions of tracts acquired by City from Veronica Jones by deed dated April 29, 1944, and recorded in Hillsborough County Records, Book 1060, Page 347, and from J. Harvey Durocher by deed dated April 29, 1944, and recorded in Hillsborough County Records, Book 1060, Page 345.

BE IT FURTHER RESOLVED, That the Mayor of the City of Nashua be and he is hereby authorized and empowered to execute for and on behalf of the City of Nashua any and all deeds, contracts or documents of any kind or nature necessary to the carrying out all the objects of this resolution.

Annual Report of the Board of Fire Commissioners

To the Honorable Mayor and Board of Aldermen:

GENTLEMEN:

The Board of Fire Commissioners herewith submits its report for the year of 1944.

The Board met on January 1st, 1944, and organized by electing W. E. Grant, Chairman; E. I. Dubois, Purchasing Agent; and Victor Cote, Clerk. On December 12th, 1944, Commissioner Dubois resigned and on December 19th, Commissioner S. St. Laurent was elected. In the reorganization election W. E. Grant was elected chairman; Victor Cote, Purchasing Agent and S. St. Laurent, Clerk.

FIRE PREVENTION BUREAU

Fire Prevention Week was observed by the Department from October 8th to the 14th.

Inspections by the different members of the Department were carried on throughout the year more than ever and there were many special inspections for various causes. The merchants and property owners were very co-operative with the inspectors and carried out the recommendations most readily. There is a constant improvement in the clearing up of fire hazards in the city which is a help to each and every citizen of Nashua.

FIRE APPARATUS

A new chassis was purchased for the Brush Fire Truck and the body was rebuilt from the old truck and placed upon the new chassis by the members of the Department. This makes a modern piece of necessary equipment that is used very much.

FIRE ALARM SYSTEM

The Fire Alarm System is in good working condition but there is a great need for new boxes to replace old boxes which have been with the system since it was first installed. These boxes are not dependable and the sooner they are replaced the more dependable the system will be. When necessary repairs are carried out, if possible improvements are made at the time. During the year a long piece of cable was purchased to replace some that was beginning to break down rapidly. The new cable was not delivered until after the first

of the year so has not been installed as yet. Very little trouble developed during this past year as it is gradually being improved. During the September hurricane not a single blow was sounded on the system due to the good condition of the aerial wires.

AUXILIARY FIRE DEPARTMENT

During the year the War situation improved considerably and the activities of the Auxiliary unit slackened off considerably. In some communities the Auxiliary Units were completely disbanded, but this unit kept together as much as possible due to the enlistments and drafts that have reduced the ranks to a minimum. Some of the members were of great assistance to the regular department during the year at some of the larger fires. We wish to thank all the members of the Auxiliary for their interest and efforts to protect the city from the ravages of fire and also hope that these will continue unabated in the future.

At this time we wish to extend our thanks and appreciation to His Honor the Mayor, the Board of Aldermen, the Board of Public Works, the Board of Police Commissioners and the Members of the Police Department, the many Workers of the Red Cross, the Employees of the Telephone and Public Service Companies, The Captain of the Salvation Army and his band of loyal workers, and to any and all of the citizens of Nashua who have taken an interest and co-operated with our Department in carrying out their duties.

We also wish to commend the officers and members of the Fire Department for the manner in which they have performed their duties and carried out their work during the past year.

Respectfully submitted,

W. E. GRANT,
V. COTE,
S. ST. LAURENT,
Fire Commissioners

STREETS

We did not have many snowstorms which required plowing during the year. However we had to do considerable sanding due to icy conditions of streets.

A large amount of tarring was done, using over one hundred and forty-six thousand gallons. One hundred and ninety-one different streets were tarred.

Sawyer Street was rebuilt from Gilman to Lake Streets. Edgestones were laid out on both sides of street, the roadway was dug out, graded, gravelled and tarred.

A section of Dexter Street and Chautauqua Avenue were also rebuilt.

Ingalls, North, Second Streets and others were graded, gravelled and tarred.

SEWERS

We built eleven manholes in order to facilitate the cleaning and maintaining of the sewerage system.

Five catch basins were built to provide better drainage.

On Main Street opposite Montgomery Avenue, the drainage of the surrounding hills has at times caused the main highway to become very slippery. New drainage facilities have been built at the junction of Montgomery Avenue and also at Stevens Street. We hope this will help eliminate this traffic hazard.

RUBBISH

The use of the new "Rubbish Loaders" trucks which were delivered to us in December 1943 has resulted in a saving of about seven thousand dollars in the cost of rubbish collection and disposal. They also provide better and cleaner service.

WAR AGENCIES

Trucks and workers were provided for the scrap and paper collection sponsored by the Salvage Committee. Victory Garden plots were laid out again this year.

HURRICANE DAMAGES

The hurricane of last September 1944 caused us an expenditure of about eleven hundred dollars. We were very fortunate that the center of said hurricane passed out at sea south of Nashua.

SEWER CONSTRUCTION

171.50 lin. ft. of sewer were constructed on Ridge Street.

164.59 lin. ft. of sewer were constructed on Mechanic Street.

605.91 lin. ft. of sewer were constructed on Eastman Street.

The sewer constructed on Eastman Street is a part of the main line of the South End sewer system. During the coming year we intend to work on the remaining section of the main line.

MAIN STREET WIDENING

Work was started on the widening of the "bottleneck" of Main Street. In order to permit the extension of the new Woolworth building in the rear, it was necessary to relocate part of Mechanic Street. Retaining walls were built to contain said street, a sewer laid out, and a temporary street was built. As soon as conditions permit the street work will be completed. During the coming year we intend to widen Main Street opposite the properties of the Montcalm Associates and the Woolworth Company. The balance of the work will be done as soon as the project is ready.

Report of the Zoning Board of Adjustment

To His Honor, the Mayor, and Board of Aldermen, City of Nashua, New Hampshire:

GENTLEMEN:

The following is the annual report of the activities of the Zoning Board of Adjustment, for the year ending December 31, 1944.

The Board consisted of the following members: Henry A. Lagasse, Chairman; Lester R. Hill, Peter N. Anctil, John W. McLaughlin and J. Edward Burnham, Clerk.

Public hearings and meetings as required, were held at frequent intervals during the past year for the convenience of non-conforming petitioners, for the purpose of making decisions upon their requests. and also to conduct the affairs of the Board.

The war emergency and subsequent restrictive limitation orders of the War Production Board, whereby all non-essential construction was reduced to a minimum, again for the third successive year materially reduced the building program throughout the city, and therefore comparatively few requests were made.

REPORT OF ADMINISTRATIVE OFFICER

To His Honor, the Mayor, and Board of Aldermen, City of Nashua, New Hampshire:

GENTLEMEN:

I respectfully present herewith my annual report as Administrative Officer of the Zoning Ordinance for the fiscal year 1944.

PERMITS AND CERTIFICATES OF OCCUPANCY ISSUED

Building permits	198
Conforming certificates	353
Non-conforming certificates	10

The following tabulation shows the number of permits issued for the various types of construction; these minus the number not started or constructed, represents the amount and type of new construction during the year.

	Permits Issued	Not Started or Constructed	New Construction
Alter one family to two	3	1	2
Alter two family to three	1		1
Alter five family to six	1		1
Alteration to residences	21	4	17
Barns	2		2
Boiler room	1		1

Add to roadside stands	2		2
Restaurants	1		1
Repair to stores	2		2
Saw mill and box shop	1		1
Sheds and tool shops	21	3	18

While the total value of all new construction was small compared to that of pre-war years, this was to be expected due to the war effort, the scarcity of labor and vital materials and Government limitation orders, which discouraged all civilian construction exceeding a very small total cost.

The rebuilding of the F. W. Woolworth store, the erection of the power sub-station by the Public Service Company of New Hampshire and the construction of the assembly and lecture hall at Riviere College were the largest jobs.

Frequent demands upon the City Solicitor for interpretations and advice on matters of law have materially assisted in the better enforcement and administration of the ordinance, all of which was most helpful and greatly appreciated.

Report of the Board of Examination of Plumbers

To His Honor, the Mayor, and Board of Aldermen, City of Nashua, New Hampshire:

GENTLEMEN:

The Board for the Examination of Plumbers respectfully submits its annual report for the fiscal year ending December 31, 1944.

As in the previous year the Board consisted of Master Plumber, John P. Nash; Journeyman Plumber, Eugene L. Carrier, both of whom have had many years of practical experience, and Fred L. Clark, City Engineer.

The organization of the Board was as follows: Eugene L. Carrier as Chairman and Fred L. Clark as Secretary and Plumbing Inspector.

Regular meetings and special sessions, to conduct the required plumbing examinations and pass upon the fitness of applicants for plumbing licenses, were held as frequently as was required.

During the year 1944 there were thirty-three (33) Master or Employing Plumbers, and forty-nine (49) Journeymen Plumbers licensed for the City by this Board.

The total number of (125) plumbing inspections were made during the year, this being about the same as in 1943, and is accountable to the war situation, scarcity of labor and material and War Production Board limitation orders.

There are many of our licensed plumbers serving in the armed forces and employed in essential defense plants.

Again we earnestly request the continued cooperation of the licensed plumbers, upon whom we are dependent for the successful enforcement of the plumbing regulations and thereby eliminating the health hazards due to improper fixtures and their installations.

FINANCIAL STATEMENT

Report of the Sealer of Weights and Measures

To the Honorable Mayor and the Board of Aldermen:

I hereby submit to you, gentlemen, a summary of my inspections as your Sealer of Weights and Measures for 1944.

This year, I was unable to borrow the 100 gallon tank truck owned by the State Department of Weights and Measures that we use to test meters on Oil Delivery trucks and storage tanks, but I expect to get this truck soon and resume the inspection of these oil meters.

Report of the Park Recreation Commission

SUPERINTENDENT'S REPORT

To the Park-Recreation Commission:

GENTLEMEN:

In spite of the severe labor shortage during the year 1944, our parks and playgrounds were maintained satisfactorily.

Without employing any additional help we erected an 18x30 foot greenhouse on the foundation prepared late the previous year. This additional greenhouse necessitated the installation of a larger heating plant which we had equipped with an automatic stoker, allowing the use of a cheaper fuel and eliminating the need of night attention.

We operated skating rinks at Holman Stadium, Sandy pond, Marshall Street and Atherton Avenue. All were well patronized.

Under the direction of Robert Dion, playgrounds were conducted at North Common, South Common, Ledge Street, Arlington Street and Atherton Avenue. Also the Municipal swimming pool at Field's grove.

The Holman Stadium was extensively used by the High School baseball and football teams, both having very successful seasons. During the vacation period the Junior American Legion baseball team utilized our facilities and they also had a very satisfactory season.

An outdoor circus sponsored by James E. Coffey Post, American Legion ran during the week of July 10, and furnished high class entertainment to the people of Nashua and vicinity.

Later in the season a three day baseball school promoted by the Philadelphia "Phillies" attracted many baseball minded youths, both local and from surrounding towns and cities. Considerable talent was displayed.

The Shoe Workers Union held a very successful carnival for one week at the South Common. Proceeds were used to send Christmas boxes to servicemen overseas.

A series of Sunday afternoon band concerts at Greeley park drew a large attendance.

Maintenance of all grounds and equipment and insect control on all park and street shade trees was carried on as usual.

Respectfully submitted,

WM. R. KIRKPATRICK.

Report of the City Solicitor

To His Honor, the Mayor, and Board of Aldermen:

GENTLEMEN:

During the year 1944 I performed to the best of my ability, all the duties of my office such as advising the different city officials, drafting resolutions, ordinances and a number of deeds covering tax acquired property disposed of by sale.

I continued to prosecute criminal cases in the Municipal Court and represented the City in matters arising in the Superior and Supreme Courts.

Respectfully submitted,

EDWARD J. LAMPRON,
City Solicitor.

Report of the Airport Commission

To His Honor, the Mayor, and Board of Aldermen, City of Nashua, New Hampshire:

GENTLEMEN:

The following is the annual report of the Municipal Airport Commission for the fiscal year ending December 31, 1944.

Owing to the completion of the Air Corp War training program in the early summer, the activities at the Airport were somewhat reduced in volume and character, yet the operations since then have been carried on in accordance with the rigid regulations and procedures and are now in effect in the training of civilian pilots.

At the close of the indoctrination flight training courses, the Airport Manager Lt. Arthur A. Goldsmith, was granted a leave of absence to enter the armed forces in the Air Transport Command and Albert E. Hirsch, who for years had been assistant to the Manager, was appointed to carry on, and under his management the H. & H. Airways, which conducts both ground and flight training courses, an airplane charter service and a licensed repair shop is operated.

Also operating at the airport is Lt. Claude E. Nichols, Commanding Officer of the Nashua Detached Flight of Civil Air Patrol, who conducts flight training courses for the benefit of the members.

The continued efforts of the Commission for strict safety regulations and properly maintained flying equipment, has resulted in part for the fact that no serious accidents occurred at the field; it also reflects great credit on the instructors and mechanics for the important job they are doing.

During the past year an unusual amount of maintenance to the hangar and the electrical and heating systems became necessary; the old second hand oil burner became unusable and had to be replaced; an additional area from the hangar was taken over as an addition to the work shop, and this had to be heated, and due to a severe electrical storm the lighting equipment was badly damaged and had to be put back into working order again. Ordinary maintenance, such as repairs to the hangar and bulkhead doors, repairs to the electrical system at the Transient Camp were made and the field was cleared by the mowing of the tall grass and bushes.

Due to lack of hangar space, many ships had to be tied down on the field; we hope to be able to correct this condition by the erection of individual hangars whenever sufficient funds are available.

Looking forward to the future development of aviation and greatly increased activities, which may include regular passenger and airmail service, we have acquired more land directly adjoining the airport and the City now has about 190 acres of undeveloped land which we have reason to believe will be developed under the National Airport Plan upon recommendation of the Civil Aeronautics Administration.
